HALIFAX, N. S., Sept. 11.—The steamer Wisia from Galveston, via Norfolk for Swediah ports, put in here yesterday with engine trouble. She is operated by the Polish Navigation company of New York.

USL - with the durable Machine-Pasted Plates

Your

Battery's Endurance

HOW long your battery lasts is measured by its plates. Your money goes farthest in securing battery-service when you pick a battery with quality plates.

Machine-Pasted Plates give the USL Battery durability. The machine forces the working material into the frames of the plates and gives them the tight-gripping tenacity which slows down the wearing-out process.

Every detail of the USL represents advanced design and careful manufacture. We back the USL with a SERVICE which means "battery-happiness" for

TRUCKS Dependable Delivery

Announcement

Owners and prospective owners of Bethlehem Trucks will be pleased to know that we have moved into more central and commodious quarters at 346-348 Madison Avenue, where we are in a position to give even better service.

Production at the great Bethlehem plant reached 40 trucks a day for August and under the reorganized company's plans will go still higher for September.

Bethlehem is still in the front in the truck industry. It will remain there.
